CO-LOCATED WITH

A world-class interactive event for **precision machinists**

Attendees count on PMTS to showcase the industry's newest and most advanced metalworking equipment, tools and processes, business development prospects and personal career growth opportunities in order to improve their shop floor efficiencies and help achieve greater per-part profitability.

Exhibit in the lively PMTS hall and join the widest selection of small to large machining equipment and services innovators in North America. Spotlight your products and services to thousands of active turned parts shop owners and decision makers who can quickly and easily travel to Cleveland, OH – one of the most Midwest-centric and affordable locations for manufacturing shops in the U.S.

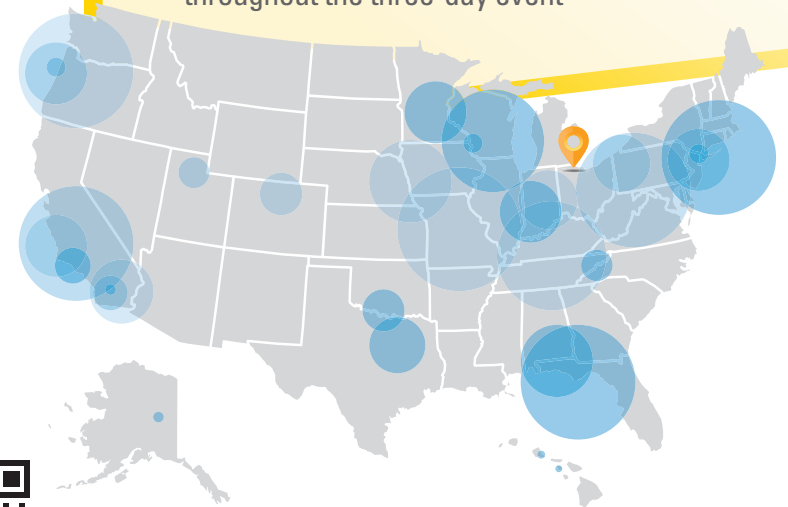

Get Involved.

Get More Sales.
Scan Here to Learn How

Be visited in your booth by experts and novices alike who attend specifically to benefit from:

- More than 350 companies displaying their latest goods under one roof
- A full program of educational Tech Talks surrounded by the exhibits
- Live in-booth machining demonstrations on the show floor
- Popular networking and social events throughout the three-day event

Precision machinists flock to PMTS from all over the country but it's the huge number of pros from key manufacturing power regions such as **Chicago, Indianapolis, Columbus, Cincinnati and Pittsburgh** who make PMTS their must-attend event.

PURCHASING *Magnitude*

Attendees come prepared to source and purchase equipment and materials in every facet of precision machined parts manufacturing. **96% of PMTS buyers stated their intention to make a significant investment** in new technology within the next 12 months. Make sure you exhibit at PMTS to be a part of their evaluation!

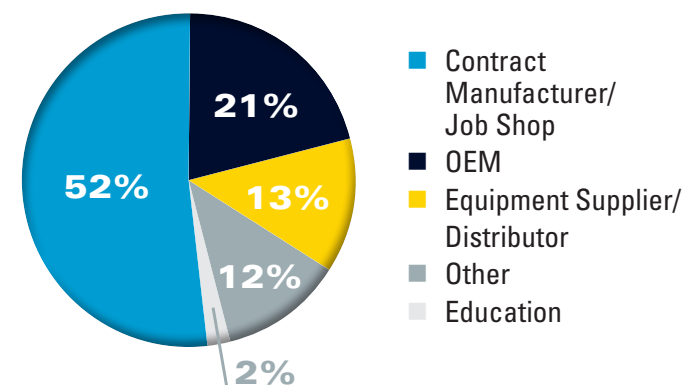

BUYER PROFILE

No other trade event provides metalworking suppliers with the same high-level access to serious decision makers with a serious intent to buy.
